PUBLIC LIABILITY INSURANCE

Public Liability Insurance protects Licensees against any liability claim from a third party arising from bodily injury or property damage that is associated with their Beach Box.

It is wise for every Licensee to have this insurance but in some areas of the Mornington Peninsula it is already compulsory. Proof of public liability insurance cover is a condition of many licenses and is also required by the Mornington Peninsula Shire Council in any building permit applications regarding beach boxes.

If your beach box is in an area where the Committee of Management offers public liability insurance, you are free to purchase our insurance and we notify your Committee of Management of your cover.

Due to its scale the Association has obtained Group Public Liability Insurance that is available to financial members who pay the premium shown on the Application. The insurance is underwritten by Lloyds of London and satisfies the requirements of the foreshore authorities.

The Policy provides \$20 million cover per claim. There is an excess of \$1,000 per claim.

(The Association is not responsible for this excess and by paying the premium, you accept that you are liable for the first \$1,000 of any claim and also for any liability above \$20 million. We cannot arrange for cover in relation to the \$1,000 excess.)

The premium of \$25 per beach box is the best rate available. After paying the premium, you will receive a Certificate of Currency. The Policy document is available on request to the Association at info@mpbba.org.au

You should read the Certificate and Policy to ensure that the cover is adequate for you and, if necessary, consult your own insurance broker. **The Association is not responsible for the adequacy of the Group Public Liability Insurance to suit the circumstances of any individual member, either in relation to the amount of insurance or the wording of the Policy.**
